ORDER VACATING CASE MANAGEMENT CONFERENCE

15 On February 4, 2008, the parties filed a Joint Case Management Statement with revised
16 Claim Construction Charts, asserting their positions with respect to the claim terms left for the Court
17 to construe. The Court finds that the parties' positions regarding these terms are clear from their
18 charts. Since the Court has the information it needs to proceed with its second round of claim
19 construction, the Court **VACATES** the Case Management Conference presently set for
20 **February 11, 2008**. To the extent either party disagrees with the Court's construction in its First
21 Claim Construction Order, that party may file a properly noticed Motion for Reconsideration before
22 the Court in accordance with the Civil Local Rules. The Court will set a further Case Management
23 Conference when it issues its Second Claim Construction Order.
